Mastering the Interview

Topics for today

1. What's Cutting Edge regarding Interviewing in 2026?
2. Recommended Action Plan to Thrive in 2026
3. Sample Interview Questions to Prepare for

Which of the following have you experienced in your job search and interviewing?

1. submitted a job application through Workday, Greenhouse, Lever, Taleo
2. had an initial screening with an AI chatbot
3. given a one-way video interview through HireVue, Spark Hire, VidCruiter
4. noticed or were notified that the recruiter evaluating you might have been assisted by AI
5. been asked to take cognitive and behavioral assessments disguised as games
6. been approached and invited to an interview by an external recruiter (staffing agency)
7. been invited for an in person interview later in the process

Recommended Action Plan

1. Practice
2. Give authentic answers
3. Use the STAR method
4. Use keywords in your answers
5. Use positive language
6. Nail down your technical setup
7. Do your research
8. Show up for the in person interview
9. Be 5-10 minutes early
10. Dress the part

What has been the toughest interview question they've asked you to answer recently?

Please comment in the chat.

Question

Prepare your answers for:

- Tell me about yourself or Walk me through your resume
- Why do you want to work here?
- Why should we hire you?

Old school interview questions:

- What are your top 3 strengths?
- And top 3 weaknesses?
- Where do you see yourself in 5 years?
