PROFESSIONAL EXPERIENCE

UNITED HEALTHCARE | ISELIN, NJ | 2020 – PRESENT

Registered Nurse (RN) / Managed Long-Term Services & Supports (MLTSS) Case Manager

Joined company to assess members' clinical needs against established guidelines and/or standards, ensuring that the services provided are medically appropriate to members' needs. Coordinate with patient, family, physician, hospital, and other external parties with respect to the appropriateness of care from diagnosis to outcome. Direct the delivery of high quality, cost-effective care. Motivated and managed 20 direct reports and interact and communicate with multidisciplinary teams.

Select Achievements:

- **Stabilized Managed Long-Term Services and Supports (MLTSS) program**, enabling program to be renewed by establishing and managing a multi-disciplinary program team to ensure deadlines were met.
- **Removed stigma around COVID-19 inoculations** by developing a comprehensive program focused on vaccination education and promotion—**vaccinated over 80% of the targeted population in 6-months.**

VNA HEALTH GROUP | HOLMDEL, NJ | 2020 – 2023

Registered Nurse (RN) / Case Manager / OASIS Reviewer

Transitioned from Robert Wood Johnson Visiting Nurses (affiliate) to VNA Health Group Company as a Registered Nurse. Provide case management for ~20 patients in the New Brunswick and Highland Park area of New Jersey. Triage patients by phone and provide general assistance for basic and advanced needs. Manage wound care, give respiratory treatment care, and help with non-invasive procedures. Observe, chart, and report developments in patients' health conditions. Supervised 40+ Registered Nurses

(RNs), Licensed Practical Nurses (LPNs) and Certified Home Health Aide (CHHAs) to ensure quality and evidenced based patient care is delivered while emphasizing quality improvement.

Serve as an OASIS Reviewer to review clinical charts and all relevant documentation in order to understand a patient's medical history, assess medical condition, and develop a plan of care while ensuring compliance with OASIS guidelines.

Select Achievements:

- **Maximized organizational reimbursements by auditing over 200 clinical charts to meet required Medicare regulations.** This included developing and implementing a new process to audit charts without any mistakes
- **Optimized patient outcomes and minimized patient pain** by following rehabilitation and treatment care plans to accelerate patient recovery, and by interacting and communicating with other disciplines to meet patient goals.

ROBERT WOOD JOHNSON VISITING NURSES | NORTH BRUNSWICK, NJ | 2014 – 2019 Licensed Practical Nurse (LPN)

Initially joined Robert Wood Johnson Visiting Nurses, a VNA Health Group Company as a Home Health Coordinator and earned a performance-based promotion to Licensed Practical Nurse. Provided various nursing skills including wound vacs, catheter management, pleural vacs, etc. Triage patients by phone and provided general assistance for basic and advanced needs. Managed wound care, give respiratory treatment care and helped with non-invasive procedures.

Select Achievements:

- **Improved outcomes for over 30 patients** by ensuring reconciling medications and following rehabilitation and treatment care plans to accelerate patient recovery, minimizing pain and optimizing outcomes.
- **Ensured compliance with regulatory agencies** by observing, charting, and reporting developments in patients' health conditions, monitoring vital signs, and updating patient files using Pointcare.
